Scrap Iron Teams Rule at the SSUSA Western Nationals

Six Scrap Iron teams went to Sacramento and they came home with three Championships and two third place awards. The 70 Legacy defeated the tough Omen team in the 70 Major Plus play. The SI 75 Beams won the 75 major division and our 60 Rockies were champions of the 60 AA division. Our 65 Phiten and 65 Diamonds finished third in the major and AAA divisions respectively. Our three champions will play the winners of the Eastern Nationals at the World Masters tournament in Las Vegas for the title of "National Champions."

The 1st Annual Scrap Iron Skills Contest Update

If you have looked at the SSUSA website recently, and checked on the Rocky Mountain Championships you will see that the 1st Annual Scrap Iron Skills Competition has a prominent place on the webpage. Bruce Brothis still needs a few more volunteers to make the work easy for everyone. Email Bruce at bbrothis@allegientbilling.com if you can help. **You can be a volunteer and still be a participant.** Enter yourself and talk it up to our out of town guests at your Friday morning games. The contest is Friday between 12:00 and 1:30 at complex B. The tournament will shut down to give everyone a chance to participate. There is over \$700 in prizes.

SSUSA Rocky Mountain Championships Are Growing

As of Monday, August 15th, 57 teams have entered the RMC. That's six more than the previous high in 2014. Most of our Scrap Iron teams should have excellent competition from teams we rarely play.
