Scrap Iron 70 Legacy Is SPA World Champion!

Four Scrap Iron teams participated in Softball Players Association (SPA) tournaments this year. Our Scrap Iron 70 Legacy became the fourth Scrap Iron team in our history to win a SPA World Championship. The Legacy went undefeated in the fifteen team AAA division. Bill Brown was a perfect 21 for 21 over the six games. The 65 Phiten team also had a good showing, and took third in the nine team Major division.

Dennis Lutz, and Don Pierson Selected to the National Senior Softball Hall of Fame (NSSHOF)

The NSSHOF Class of 2014 has been announced and Scrap Iron members, Dennis Lutz, and Don Pierson are part of the class! Dennis, and Don currently play for our 70 Legacy team, and have been part of very successful Scrap Iron teams for two decades. The induction ceremony will occur in Las Vegas during the World Masters Championships. The NSSHOF was established in 1995 in Chattanooga, TN, and is now headquartered in Mustang, OK. Congratulations, guys!

Request for Senior Softball News

A significant challenge in applying for the NSSHOF is documenting All Tourney selections at World and National tournaments. We need copies of old Senior Softball News to help some of our members prepare their applications for 2015. If you have kept any of these old newspapers back to 2005 and beyond, please contact Ron Howard at ronjuanh@aol.com or 303 941 5920.

Top Gun Winter Classic Date

We have the date for the Top Gun Winter Classic near San Diego. The 65s, 70s, 75s, and 80s play Thursday, and Friday, January 8th and 9th, and the 50s, 55s, and 60s play Saturday, and Sunday, January 10th, and 11th. The location is Wheat Fields, in Menifee, CA. *We have a great opportunity to get Top Gun teams to our Rocky Mountain Championships, if we support their tournament.* In addition to attracting Top Gun teams, we may have three additional California teams at the 2015 Rocky Mountain Championships.
